Assicurazione	If you are a student from a non-EU/EEA country , you should purchase (and most likely you had) health insurance in your home country, valid in Poland. According to state health regulations, foreigners have to pay for a medical consultation. The cost should be reimbursed by the health insurance company, but please verify your agreement attentively so you are aware which medical consultations/procedures are refund. EU/EEA citizens follow the EHIC (European Health Insurance Card) card regulations. With EHIC, visits at public medical centres are free, as well as most medical examinations that are ordered by a doctor
