Link alloggi	<p>Finding accommodation in the city of Granada is not very big issue. Usually, there are many types of accommodation for the international students. Don't forget that Granada is the number #1 receiving Erasmus in Europe! So, renting a flat is not difficult at all, but not always you can find what you were looking for. It depends on your budget, location, and facilities, but generally you won't have any problem. Granada has plenty of shared flats for students, local and international, the lifestyle goes around the University. The average would be 250€ for a student flat room in university neighbourhoods. If your budget is lower you can move to the outskirts for 120-180€.</p> <p>There are also housing platforms such as ESN (European Student Network) which really helps the international students to find a flat for their exchange semester or year. During the first days, also known as Welcome Days, the Erasmus students can get a 25% discount on the fee. Please, see: https://www.esngranada.org/</p>
