In the context of the **Erasmus** Action of the **LLP Programme**, the European Commission promotes the **Erasmus Intensive Language Courses (EILC)**, with the aim of spreading the European languages which are less spoken and taught.

The EILCs are planned to take place in the following 23 countries: Belgium (Flemish Community), Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Sweden and Turkey. The Erasmus Intensive Courses for linguistic Preparation (EILC) may take place from summer before the start of the academic year until end of February. Courses vary in length according to country and the student's level of language knowledge, and normally last between 3 and 8 weeks. The Erasmus Intensive Language Courses will be offered at two levels of linguistic knowledge (level I: beginner; level II: intermediate) to students (and possibly teachers) participating in the LLP/Erasmus programme who have been admitted to study in one of the European countries listed above. **The University for Foreigners of Siena** is one of the **organising institutes of the EILCs in Italy**.

The EILC courses will take place in two different sessions: summer (August, September) and winter terms (January, February).

The approximate number of foreign students who attends **EILC** courses in Italy every year is 350 per organising institution (total Italy: 700).

Applications should be submitted to the students' home institutions, which will be responsible for forwarding the applications to the course organisers.

Application forms and information notes on the courses on offer are available at the home institutions, as well as on the European Commission site (General Management Education and Culture):

[http://europa.eu.int/comm/education/programmes/llp/erasmus/eilc/index\\_en.html](http://europa.eu.int/comm/education/programmes/llp/erasmus/eilc/index_en.html).

Participating students do not have to pay any kind of tuition fee. The National Agency/home institution may award a supplementary Erasmus grant for the duration of the course. In return, students will be asked to contribute to the evaluation of the courses and of their impact on their academic studies.

## 8. HEALTH CARE

Any citizen of a EU country has the right to medical treatment, both urgent or necessary in exactly the same way as all Italian citizens.

Citizens from member countries of the European Union on a temporary stay abroad in Italy (for reason of study, tourism or work) must have one of the forms for medical assistance in Italy issued by the country of origin: the European Union card (TEAM) or its temporary substitute certificate (CTRF).

### **Students from member countries of the European Union**

In order to make use of the services offered by the National Health Service they must register with the facility (hospital, first aid, general practitioner) by showing the TEAM card or the temporary substitute certificate.

**Students from countries that do not belong to the European Union** must remember that no official treaties exist as regards coverage of medical costs. They must take out an international insurance policy which covers all medical costs in the case of medical treatment or hospital stays which must be validated by the consulate.

An alternative procedure may be to take out a policy in Italy, which includes coverage for urgent hospital stays. In this case the form must be collected from the Erasmus Office. Health insurance is a fundamental requirement in order to obtain a stay permit.
