To pass a course, the student must fulfill two conditions: minimum score of 5,0 (five) and minimum attendance of 70%. The score represents an average of all work developed by the student. If the final student score is below 2,99, he/she has failed the course. If the final student score is between 3,0 and 4,99, he/she will have a chance for re-evaluation: he/she still has a chance to pass. This is called REAVALIAÇÃO (Revaluation). Each Professor has his/her own criteria for exams and work to be developed by the student. That information is detailed by professors in the first class of the course.</p> <p>Graduate: grading system is based on four grades: A, B, C and R, where A, B and C are passing grades, and R is a failing grade. Minimum attendance required is of 75%.</p> <p>USP Credit System: USP academic credit system is based on Class Credit, and Work Credit. One class-credit is equal to 15 hours of class work, or class contact hours, and one work credit is equal to 30 hours of work outside the class.</p> <p>ECTS AND USP CREDITS SYSTEM: We suggest one USP Credit is equivalent to 2.0 ECTS, but it is the home institution that will determine the final equivalence.</p>

PLEASE NOTE: Our academic calendar consists in a 1st semester (fall semester) starting on October (es. October 2023) and in a 2nd semester (Spring semester) starting on the middle of February (es. February 2024). For this reason, our Call AY 23/24 will unavoidably concern selection of outgoing students according to this calendar: this means that **just for those Universities with the AY that starts with a spring semester (es. Spring 2023 + Fall 2024) we will necessarily have to consider the Fall 2023 and the Spring 2024 dates and related deadlines.*
